Boston by the Numbers

## BOSTON BY THE NUMBERS.

No doubt about it: Boston is a 21st century boomtown. Sitting at the intersection of healthcare, science, tech, and innovation, the city offers a world of opportunities to learn, connect, and collaborate with some of the most interesting people out there. Here are just a few of the reasons we're proud to call Boston home:

- **8** world-class medical centers, a wealth of community centers, and thousands of local nonprofits tackling community health issues
- **18** thriving biotech startups
- **438** five-star restaurants
- **3** accessible transport systems, including the speedy Amtrak Acela to NYC and DC
- **3** internationally-acclaimed art museums
- **100+** universities and colleges, including **7** High-Research Universities
- **667,137** full-time residents
- **23** distinct neighborhoods to wander and explore

As a Tufts Public Health student, you'll find yourself steeped in a city with deep public health and medical roots. You'll pursue your studies at our modern, easy-to-navigate Health Sciences Campus, located in the heart of Chinatown, and at the center of everything Boston has to offer.

Want our opinion? There's no better place than Boston to pursue a career in public health. Schedule your visit to Tufts today and find out why so many people love this big little town.
